

Singgih Budi Purnadi

Front End Developer

My name is Singgih, a frontend developer for websites and mobile applications. I have successfully developed blockchain-based websites and achieved sales targets during ICO and private sales. I am proficient in programming languages such as PHP, JavaScript, and TypeScript, and have a good understanding of UI/UX. Additionally, I am familiar with tools and technologies such as Git, ReactJs, React Native, and Laravel. My goal is to use technology to help improve people's lives. Please feel free to contact me via the details listed on my CV.
